- Approval of Previous Minutes: Accepted as Read yes no

Discussion/Amendments: No Discussion

- **Old Business:** Fred explained that the CLG recertification was approved by the Kentucky Heritage Council with recommendations for the future. A copy of the approval letter was given to the HDC members for their review and comments. Also, Fred went over the CLG grant application that was submitted on March 1st. There was some discussion about the façade grant program that the City sponsors. Ideas were exchanged on how to better administer the program as we go forward.
- **New Business:** *There were no new COAs to consider.*

There was some discussion about the buildings that burned on March 6th along the south side of the 600 block. All agreed it is too early to know what direction any new development or infill might go. Sharon Hackworth acknowledged her appreciation for the HDCs leadership. Fred has begun collecting and organizing data on the buildings that burned. The HDC wants to thank Nancy Hill for her contributed to our understandings of the building that were lost and she has agreed to share her research with the HDC. Overall, the HDC remains optimistic about the future of the 600 block's potential for redevelopment and looks forward to contributing guidance for design and infill opportunities.

- Adjourn (Time 6:10)
